ABSTRACT

In order to survey the quality of Ceftazidime injection, Ceftriaxone injection, Clindamycin injection, Cephalexin for Oral suspension, Minocycline capsules, and Ciprofloxacin preparations, 219 samples were sampled from different area of Taiwan from March to August, 2005. These samples were analyzed according to the methods described in ch. P. V, USP 27, MRAP 2000, BP 2000 to evaluate their qualities. The results showed that all samples met the requirements of pharmacopeia and government regulations.

Key words : Ceftazidime Injection, Ceftriaxone Injection, Clindamycin Injection, Cephalexin for Oral Suspension, Minocycline Capsules, Ciprofloxacin Preparations
